TERMS OF SUBSCRIPTION.

In consideration of the agreement hereby entered into by Dun, Wiman & Co., to furnish to the best of their ability, information of the Mercantile Standing and Credit (in the communities wherein they respectively reside) of our customers among the Manufacturers, Merchants, Traders, &c., throughout the British Provinces of North America, and the United States, concerning whom we have occasion to make inquiry, in order to aid us in determining the propriety of giving credit; we, the undersigned, do hereby employ said Dun, Wiman & Co. to procure and furnish to us the information aforesaid, in accordance with the following rules and stipulations, and with which we agree to comply faithfully, to wit:

1.—All information furnished us by said Dun, Wiman & Co. shall be strictly confidential, and shall never in any way be communicated to the persons reported, nor to any other person or persons whatever other than the members of our firm. All extended reports are to be read at their office to us or to such confidential clerk as may be authorized by us to receive the same, subject to their regulations. And said Dun, Wiman & Co. shall prepare for our use, and place in our keeping, a printed copy of a Reference Book for the British Provinces, prepared by them, containing ratings or markings of the credit of business men. And all our inquiries at their office, as also all use we may make of said Reference Book, shall be exclusively confined to the legitimate business of our establishment.

2.—We will pay in advance, dollars for one year's services of said Dun, Wiman & Co., together with the use of said Reference Book, pursuant to the foregoing conditions, and other sum annually thereafter for the same as may be agreed upon between us, verbally or otherwise, subject always to the conditions and obligations above mentioned.

3.—We further agree that upon delivery to us of a copy of any subsequent edition of the Reference Book, the one now placed in our hands shall be surrendered, and also, that upon the termination of our relation as subscribers, the copy then remaining in our hands shall be given up to said Dun, Wiman & Co.

PREFACE.

In previous issues of The Reference Book, Figures only were used—if in the first column to indicate Capital, if in the second to indicate Credit standing. We found not unfrequently, that these figures led to confusion in the minds of Subscribers, many of whom failed to comprehend that the same character in different columns had an entirely different signification. In order, therefore, to make our system of marking more definite, we have substituted Letters in the first column by which we convey estimates of Capital, retaining the figures in the second column by which we convey indications of Credit. This change, it is believed, will prevent the slighest misconception of the Key, and enable Subscribers to comprehend at a glance the position of parties about whom they seek information.

In order to preserve the facility which the Old Key possessed, by which the relative Credit standing of a party as compared with Capital could be understood, the Figures in the capital column are still retained in parentheses in the New Key. Thus, if a man be marked D 3, a reference to the Key shows that under the old system he would have been marked 2 3, indicating that his credit is weak in proportion to his capital. If there was nothing against his credit or character, he should be marked D 2 (2 2) or D 1½ (2 1½), showing that his credit was good or liberal in proportion to his pecuniary worth.

In other respects a great improvement is apparent in the New Book. It now contains the name and rating of nearly every person engaged in Mercantile or Manufacturing pursuits throughout the Dominion and Provinces. These ratings have all been carefully reconsidered in the light of full and detailed reports on record at our various offices, which reports are kept constantly revised by our various travellers and correspondents. We again urge upon Subscribers the desirability of consulting these Records. This Book is useful as a Ready Reference, but where transactions of consequence are about to take place, Subscribers should do themselves and us the justice of getting all the particulars which we have in our possession, and to which their subscription entitles them.

Montreal, Toronto and Halifax,
July 1st, 1868.

KEY.

PECUNIARY STRENGTH.				GENERAL CREDIT.

A+	(A1+)	$1,000,000 or over.		A1 ..... Unlimited.

The absence of a Rating indicates not only those of questionable credit, but also those whose business and investments render it difficult to rate them satisfactory to ourselves. We therefore prefer, in justice to all concerned, to give our detailed report on Record at our Offices.
